FYI, new letter from Rep. Green re: the U.S. Oil Recovery site in Harris County, TX. It will be controlled to Region 6 in CMS.

There are eight questions addressing EPA's communications about spills from the site as well as a request for copies of soil and water lab tests and correspondence relating to spills at the site to also be submitted to House Committee on Energy and Commerce and the Senate Committee on Environment and Public Works.

Let me know any questions.

Thanks,
Carolyn

Carolyn,

Good afternoon. I hope you're doing well. I would appreciate it if you could refer the attached letter from Congressman Green to Administrator Pruitt regarding the U.S. Oil Recovery Superfund site in Pasadena, Texas to the appropriate officials in the U.S. EPA. A hard copy was mailed via USPS earlier today. Please feel free to contact me if the EPA has any questions.

Much thanks,
Sergio
